AGM

· Opening (CE)

CE gave a reflection on the season gone by. Difficult season on the field of play. Some positives to glean but things have been much healthier off the field. Club is indebted to RP's skill and tenacity in bringing money into the club

Disappointing that the 2nd XI had to be pulled from the league.

Apart from annual fixtures, the Sunday side did not take off in spite of changing format to 20-20

John Harris / Luke Memorial / Trustees games are fantastic games for the club.

Most frustrating was having to concede 1st XI games. We need to make sure that we are not in that situation next year. Must be addressed.

Running a club in 2018 is very different to the past. We are not unique within Berkshire. BCL have had more games conceded this year than ever before.

We need to attract more players, especially genuine players. Players are being personally recruited.

Midweek 20-20 established by AM was a huge success. Well done Andy to that. CS has offered to steer this forward for next season. Commitment from 3 other clubs to continue with this.

WSLCC major events were huge success. Thanks to everyone who contributed to this.

Despite the difficult conditions, the pitches have played very well. Huge debt to SC (outgoing groundsman) for his effort.

Club has been through difficult times before. CE has been here for 24 years and is confident that we can rebuild. Hopeful that the new committee can revive fortunes.

CE is standing down. Wishes that he was able to hand over in a stronger position. CE knows this is the right time. Thanks to all contributions in all times.
